

How to register to MetaCentrum

1. Go to <https://metavo.metacentrum.cz/>

The screenshot shows the homepage of the MetaCentrum VO website. The header includes links for Aplikace, Work, Teaching, Learning, Programming, Complexity results, SCIP, and Dataset Search. Below the header is a navigation bar with e-infrastruktura CESNET, Sit, Výpočty, Úložiště, Spolupráce, Multimédia, Bezpečnost, and Identita. The main content area features a map of the Czech Republic showing the locations of various academic institutions and the CESNET network. On the left, there's a sidebar with links for O MetaCentru VO, Aktuality, Dokumentace a služby, Přihláška, Můj účet, Stav zdrojů, Uživatelská podpora, Semináře, Mapa portálu, and Interní část. A search bar and a "Hledat" button are also present. The right side has sections for Novinky (News), Výpadky (Outages), Stav zdrojů (Resource Status), Hardware, Přihláška (Login), and Wiki.

2. Switch to your preferred language: cz/en
3. Click on Getting an account → Registration form

The screenshot shows the "Registration form" page. The URL is https://metavo.metacentrum.cz/en/application/index.html. The top navigation bar is identical to the previous screenshot. The main content area is titled "Registration form" and includes a "Usage rules" section with a note about the catch-all nature of MetaVO and its members. It also contains a "Registration process" section with instructions for users interested in submitting a registration form. A note at the bottom explains the use of edulD.cz for identity verification. The sidebar on the left lists options such as About MetaCentrum VO, Current affairs, Documentation and services, Getting an account (which is selected), Registration form, Registration state checking, My account, Current state, User Support, Seminars, and Portal map. A footer at the bottom includes a "cesnet" logo and a note about the use of Kerberos system.

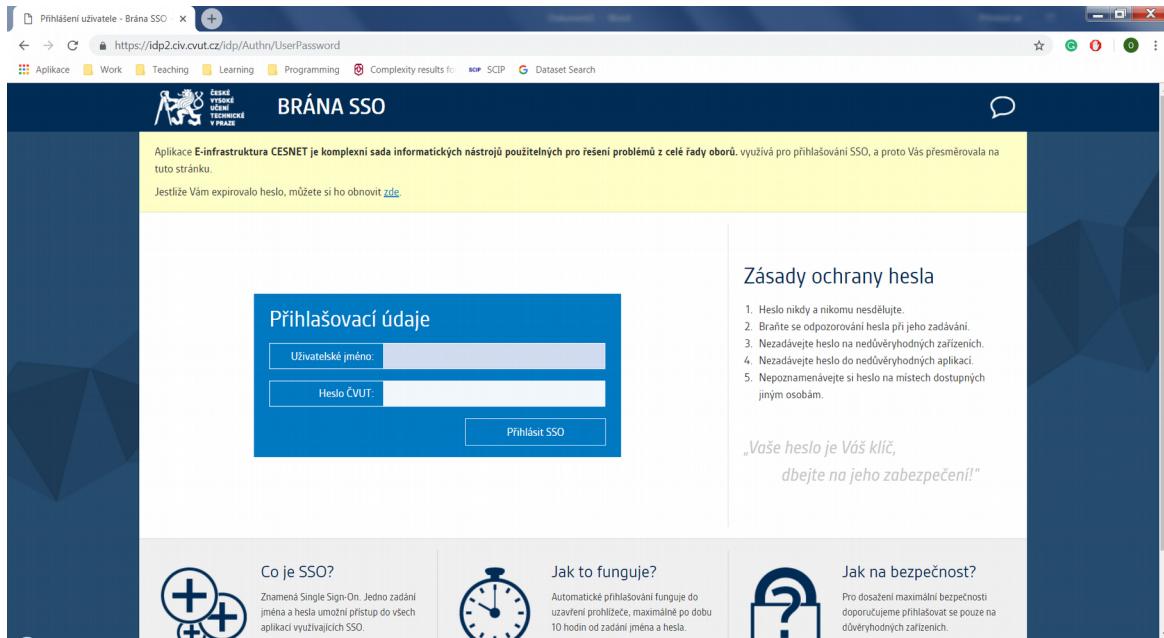

4. Select eduid.cz

The screenshot shows the eduid.cz login interface. At the top, there's a navigation bar with links like 'Applikace', 'Work', 'Teaching', 'Learning', 'Programming', 'Complexity results', 'SCIP', and 'Dataset Search'. Below that is a main menu with 'e-infrastruktura CESNET' and various categories like 'Network', 'Computing', 'Data storage', 'Cooperation', 'Multimedia', 'Security', and 'AAI'. The main content area has a heading 'Where are you from?'. It includes a sidebar with links such as 'About MetaCentrum VO', 'Current affairs', 'Documentation and services' (which is highlighted), 'Getting an account', 'My account', 'Current state', 'User Support', 'Seminars', and 'Portal map'. A search bar is also present. The central part of the page displays three options: 'I have an account in the Hostel' (with a 'cesnet hostel' logo), 'I have an account in a member organisation of eduid.cz' (with a 'eduid.cz' logo), and a question mark icon with the text 'What should I do if my organisation is not in eduid.cz and I have no account in the Hostel?'. At the bottom, there's a section titled 'Direct links to selected institutions from eduid.cz' featuring logos for Masarykova univerzita v Brně, Univerzita Karlova v Praze, and Západočeská univerzita v Plzni.

5. Select České vysoké učení technické v Praze

This screenshot shows the 'Přihlásit účtem' (Log in with account) section of the eduid.cz login page. It lists several institutions under the heading 'České zemědělská univerzita v Praze'. Below this, there's a list of other institutions: 'CESNET', 'Etnologický ústav AV ČR, v. v. i.', 'Fakultní nemocnice Brno', 'Fakultní Nemocnice Hradec Králové', 'Fakultní nemocnice Ostrava', and 'Fakultní nemocnice Plzeň'. At the bottom of the list, there's a link 'Přihlásit účtem na jinou organizaci' (Log in with account at another organization). The page also features the CESNET logo and a row of international flags.

6. Log in using SSO

7. Fill in your personal information required for your registration
